August 7, 2020 | Project Update No. 3

Project Schedule

- The City of Sandstone's contractor, A1 Excavating, A1 will pulverized the remaining project streets (6th Street, 5th Street, Court Ave. and Pine Avenue) on Tuesday (8/4) and Wednesday (8/5)
- A1 has completed Minnesota Street, Washington Street and 1st Street back to a gravel surface ready for curb replacement and new bituminous pavement.
- We understand construction will be an inconvenience – we appreciate your patience as we work to improve the City's streets!

Next Week's Anticipated Work

- A1 will be re-grading 5th Street and Court Avenue.
- A1 will also be installing new sanitary and storm sewer mains in Pine Avenue.
- Access to your driveway on a project street should be open most of the time with the exception of when they are working directly in front of your house.
- If you have special access issues ie – medical deliveries, meal delivery, etc. please let Steve Rose know to help accommodate those - 612.759.1544.

Street's Closed to thru Traffic -

- Pine Avenue between Washington Street and TH 123 will be closed next week to through traffic
- The remaining project streets should remain open. Even with streets open, PLEASE avoid a street currently under construction if possible
- Watch for future updates on street closures
